PROSPECTUS

2016

FOREWORD

With the mission of setting up of an institution of higher education in Baruipur, that initiated as early as 1954, Baruipur College established itself as a home for learning and development of the students. In 1981, the college received its affiliation from the University of Calcutta and the Government of West Bengal. A regular Governing Body has been in place since 1983, when the preparatory committee ceased to function, in conformity with the permission of the Calcutta University First Statute, 1979. The college offers space to individuals, who aspire for all around development, emphasizing on merit alone. Students are provided with infrastructural facilities within the colleges limit and a library with enriched collection of books. The college has come a long way with progressive result and atmosphere and continuing its journey with the course of time.

OUR MISSION

Education is a concerted creative endeavour emanating from and facilitated by the teachers: to be imbibed and emulated by the learners. We wish to offer a centrality of 'voice' – a clear articulation and open exchange of a people's educational aspirations, ideas, demands and complaints - in exploring how the purpose as well as the quality of education can be amalgamated to the idea of justice as the challenges of the 21st Century unfold.

OUR VISION

Our vision is to foster a genuine sense of individual and collective social responsibility in the thousands who throng the portals of this three-decade old institution; to disseminate knowledge and skill, hearkening a social integration among young people of diverse social and occupational groups.

INITIATIVES TOWARDS HOLISTIC ENRICHMENT

Baruipur College is an academic institution authorized to conduct the undergraduate course of students in various streams/disciplines. It is also committed to nurture the all-round development of the students. Emphasis is laid on the following objectives.

Infrastructural Development: Baruipur College has been able to provide six spacious rooms, in the New Annexure building as part of its Expansion Programme with focus on infrastructural development of the institution, from the ensuing Academic Session 2016-17.

Teaching Methodology: Teachers of Baruipur College try to use innovative teaching techniques to suit the ever increasing requirements of the students. In journalism, Geography and other practical-based subjects, computers, overhead and LCD projector are used to help the students to develop competence in coping with academic queries. TV and DVD player are used in teaching- learning process, so that students can quickly internalize the concepts. The practice-oriented course use the latest techniques to enable students to develop self-confidence and good communication skills. Sometimes students are encouraged to deliver lectures on assigned topics to enhance their skill of expression and presentation. Over and above— quiz, symposium, elocution, group discussion are conducted periodically to enhance student's creativity.

Proposal for Training: Initiatives are in place to introduce IT training to all sections of the students of the college. In the first floor a computer room is in the process of being arranged, where sixteen computers are installed.

Department of Bio-science: The Bio-science Laboratory is well equipped to handle various Physiological measurements like - Hemoglobin concentration, Blood Grouping, Blood Pressure, some Anthropometric parameters, Respiratory parameters, Physical Fitness Index as well as Blood Cell Counts. The study and Identification of Plant and Animal specimens are effectively carried out in the Botany and Zoology Labs respectively.

Laboratory and Computer Facilities: College has installed 16 computers. 11 computers are used for academic purposes and five for administrative purposes. Of these

eight are interconnected to Wi Fi network serving academic departments. Internet is used by Honours students. College has launched its own website.

Seminars and Workshops: Seminars, Workshops and such other interactive sessions are organized by various departments to enrich students. Teachers of the college participate in different seminars as resource persons.

Study Materials: Students are given adequate study material to equip themselves for enhancing their academic output. In Honours course students of almost all departments have access to seminar library, where they can get 3 to 4 books at a time. For General students there is central library. Students also have access to various important journals like 'Economic and Political Review', 'India Today', 'Times' and so on, which help them to enrich and broaden their world perspective.

Student Feedback: In Baruiipur College there is a congenial atmosphere of interaction between students and teachers. Students freely express their opinion and this helps teachers to understand students, their mental make-up, and their attitude to learning. Teachers try to solve their problems in accordance with their individual needs and temperaments. After every test, answer scripts are shown to students. Generally students try to rectify their mistakes. Thus, in Baruiipur College teaching-learning process runs in alignment with the shift from teacher-centric to learner-centric education.

Parent-Teacher Meeting: Parent-teacher meetings are held regularly in every honours stream. Guardians are called and they are shown the answer scripts of students. Behaviour pattern, regularity in their attendance, inattentive attitude - all these are conveyed to guardian. Generally guardians take note of it and try to rectify their wards.

Examination and Evaluation Process: In accordance with University regulation Mid-term Tests and college tests are held as per University schedule. Attendance in these tests is mandatory. In case of absence without valid reason college authority would take disciplinary action.

Library Facilities: A well-organized central library and several seminar libraries consisting of approximately 12,000 books (reference, texts classics) cater to the needs of teachers and students.

Departmental Tours: Different departments organize educational tours to supplement the curriculum. Such field trips offer good exposure to the students. Departmental Tours in Geography (Hons. and General), and Bio-sciences are compulsory.

Games and Sports: The College organizes an annual sports event and awards prizes. Facilities for indoor games such as caroms and table tennis are available to the students of the college. Outdoor games such as cricket, badminton, volleyball, basketball are organized by the college. Students also participate in inter-collegiate games and qualify themselves in various tournaments under Calcutta University and District level in Bengal. College has exempted tuition fees to students, who secure positions in University and District level in Bengal. College has exempted tuition fees to students, who secure positions in University and District Level competitions. Advanced equipment in Multi-Gymnasium are used for proper health-training and bodybuilding. Yoga classes are enunciated for mental equilibrium and good concentration.

N. S. S.: Baruipur College has two units of National Service Scheme under the department of Youth Affairs, Central Government. Students participate in various social service projects in and around the adjoining villages round the year. Every year two special camps are held. Student's active participation and sincere involvement in these camps are remarkably significant.

Cultural Activities: Seminars, symposium, debate, quiz, singing, and recitation competitions are held in the college. Baruipur College has earned a reputation in the performance of dance drama by the students. College also observes Independence Day, Republic Day, Tagore's Birthday, College Foundation Day and other important days.

College Publications: Magazines, Wall Magazines and Departmental Journals are published regularly with the active participation of students.

Youth Parliament: Baruipur College organizes training to students to enable them to participate in Youth Parliamentary Programs. The college has achieved distinction in this area of activity, which is an annual event organized by the Parliamentary & Youth Affairs Department, Govt. of West Bengal.

Career Counseling Cell: A psychological Counseling center, called '*ParibarJyoti*', which is very near to our college, had extended their co-operation for psychological counseling of the

students. Students participated in a five day workshop which helped them to invigorate their mental equilibrium.

Students Health Home: The Students Health Home of Baruipur College is maintained by a Public Institution. Each student pays a fee (included in main fees) of Rs.10 towards this facility. The college sends the collection to the head of Administration of the Institution in *Champahati*. All students are entitled to regular medical check-up there.

Scholarship and Awards: The Govt. of West Bengal gives an exemption on college fees to poor and meritorious students. The college is able to provide some concessions also, to meritorious and bright students with financial constraints. Some endowments, scholarships and prizes by departmental teachers are awarded to students for excellent results and overall performance in academics.

Placement Services Provided to Students: Private Banks and other organizations recruit our students. The College is acting as coordinating agency. Many of our ex-students are employed by different colleges as part time teachers. The college takes pride in the significant success rate of our ex-students in School Service Commission Examination of West Bengal, each year. Many students of our college are recruited in Govt. Service also.

Anti-Ragging Cell: There is an anti-ragging cell in place in the college.

Prof. Samiran Mandal is the Nodal-Officer of the Anti-Ragging Cell. Phone: 9432898109

PROGRESS AND PROSPECTS OF THE COLLEGE

On February 26th and 27th 2007, NAAC Peer Team visited college.

- ❖ The Annual quality Assurance Reports (AQAR) of Internal Quality Assurance Cell (AQAC) are submitted to Bangalore every year and college receives commendable response from NMC.
- ❖ The appreciation of NMC encourages college authority and all sections of the college (Le teaching, non-teaching and students) to impart innovative technique to attain excellence, both in academic front and in infra structural base.
- ❖ The goal of the institution is to promote excellence in education. In almost all honours streams, one or two students obtain first class. After graduation a large number students get admission in Calcutta University or Jadavpur University.
- ❖ Special attention is also given to infra structural improvement which signifies expansion college area, college building, so that various job-oriented course may be opened for the students which is a demand of the present age.
- ❖ In the previous year new gate of the college and boundary wall (in between Eastern Metropolitan Bypass Extension and Headquarters of South 24 Parganas) we constructed. At present preparation is going on to construct a new building adjacent to the main building and a straight road access from the new front gate to the existing college building.
- ❖ Being a college situated in a semi-rural environment, college also has additional obligation towards the local people. Main objective of the college is the holistic development of the students, which will bring development of the local society as a whole.

OUR STRENGTHS OUR WEAKNESSES

- ❖ Baruipur College, nestled in the panoramic precincts of Purandarpur village in Baruipur town, provides a rural ambience conducive to the nurture of academic and intellectual pursuit in the students.
- ❖ This institution has an excellent tradition of a remarkable rapport between the different sections of its work force: the Administration, the Faculty, the office-staff, Library etc. - thereby enhancing the holistic efficiency and efficacy of the teaching-learning programmes here.
- ❖ Therefore, in spite of and overcoming a plethora of infrastructural, financial and such other constraints, Baruipur College marches on towards progress and perfection in its endeavors towards commitment to society.
